### Chapter 1. Meeting Procedures and Agenda

Time: 9:00 am, June 19, 2025 (Thursday)

Venue: (The Company's Meeting Room) No. 6, Technology 5th Road, Hsinchu Science Park

Type of Meeting: Physical Meeting

Attendants: All shareholders and equity representatives

Chairperson: Chairman, Nicky Lu

- I. Call the Meeting to Order
- II. Chairperson Remarks
- III. Reports
  - (I) 2024 Business Report
  - (II) Audit Committee's Review Report
  - (III) Other Reports
- IV. Ratifications
  - (I) 2024 Business Report and Financial Statements
  - (II) 2024 Deficit Compensation
- V. Discussions
  - (I) Releasing Directors from Non-competition Restrictions
  - (II) Amendment to the Company's Articles of Incorporation
- VI. Other Motions
- VII. Adjournment

### Reports

### I. 2024 Business Report

For the Company's 2024 Business Report, please refer to Attachment I (pages 4 to 6).

### II. Audit Committee's Review Report

For the 2024 Audit Committee's Review Report of the Company, please refer to Attachment II (pages 7).

### III. Other Reports

There's no other matter to be reported this time.

### Ratifications

### **Proposal 1**

### **Proposed by the Board of Directors**

Subject: 2024 Business Report and Financial Statements.

Description: For the Company's 2024 Business Report, Individual Financial Statements, and Consolidated Financial Statements, please refer to Attachment I (pages 4 to 6), Attachment III, and Attachment IV (pages 8 to 31), among which the Individual Financial Statements and Consolidated Financial Statements have been audited by CPA Hsieh, Chih-cheng and CPA Hsu, Sheng-Zhong from PwC Taiwan, and Audit Report

has been issued.

Resolution:

### **Proposal 2**

### **Proposed by the Board of Directors**

Subject: 2024 Deficit Compensation.

Description: The Company's net loss in 2024 was NT\$ 540,639,841. For the Deficit Compensation

Table, please refer to Attachment V (page 32).

Resolution:

### Discussions

### **Proposal 1**

### **Proposed by the Board of Directors**

Subject: Releasing Directors from Non-competition Restrictions.

Description: It is specified in paragraph 1 of Article 209 of the Company Act that "the important contents of Director's acts for himself/herself or for others within the scope of the company's business shall be explained to the shareholders' meeting, and the permit from shareholders' meeting shall be obtained for such acts." For the Company Director's acts for himself/herself or for others within the scope of the Company's business, please refer to Attachment VI (page 33). It is proposed and applied to annual Shareholders' Meeting, in accordance with law, for approval on releasing Directors from non-competition restrictions.

Resolution:

### **Proposal 2**

### **Proposed by the Board of Directors**

Subject: Amendments to the Company's Articles of Incorporation.

Description: Make amendments to the Company's Articles of Incorporation in accordance with the amendment of the relevant provisions of the Company Act and the Company's practice needs. Please see Attachment VII (Page 34 to 36) for the comparison table before and after amendments.

- **■** Other Motions
- Adjournment

### Chapter 2. Attachments Attachment I

### 2024 Business Report of Etron Technology, Inc.

In 2024, the semiconductor industry experienced a notable recovery, driven primarily by strong demand for AI-related chips that spurred overall market growth. According to data released by the World Semiconductor Trade Statistics (WSTS) organization in February 2025, the global semiconductor market is estimated to have reached a total value of approximately US\$627.6 billion in 2024, representing a year-on-year growth of 19%. Furthermore, based on projections from the Industry, Science and Technology International Strategy Center (ISTI) of Industrial Technology Research Institute (ITRI), Taiwan's semiconductor industry is expected to achieve a production value of NT\$5.3 trillion in 2024, reflecting a 22% increase compared to the previous year. Within this, the IC design sector is projected to reach NT\$1.3 trillion, an annual growth of 17%, indicating a clear rebound in market momentum across the semiconductor industry.

### **Operating Achievements**

Our consolidated operating revenues stood at NT\$3.473 billion in 2024, reflecting a 30% growth compared to the previous year. The consolidated net loss of NT\$614 million after tax, a reduction in loss of NT\$378 million compared to the previous year. The loss per share was NT\$1.77.

### Operations policy and business strategy

The Group adopts a product strategy of "Eye-Brain-Nerve Convergence," focusing on the integration of eye, brain, and neural bionic ergonomics. By concentrating resources on three core product lines, the Group aims to drive product development and organizational integration. This strategy combines innovative inventions with a commitment to corporate sustainability, continuously advancing forward-looking research in semiconductor components and processes. The Group also focuses on accumulating competitive intellectual property rights from innovative inventions, leveraging both homogeneous and heterogeneous integration technologies to promote breakthroughs in semiconductor technologies and memory products, in order to seize the opportunities brought about by AI development. On the business front, we continue to reshape our approach by focusing on cost control, expense reduction, enhancing operational efficiency, and improving organizational resilience. We are quality-centered and focus on the delivery of technical services to maintain long-term and stable partnerships with globally leading companies. We harness our technical and business capabilities by optimizing our product portfolio and actively developing new products and new markets, and we work with different systems integrators to create innovative products that can meet the needs of the future, while transforming ourselves from a component vendor, to software, application and system developer and finally to a secondary system provider to bring forth value-added products. We also strengthen our relationship with our strategic partners from different sectors and work with them on matters related to production capacity, technology, markets, and capital, thereby fueling the Group's growth dynamics and securing our foothold in long-term development.

### **Research & Development**

Based on the strategy of "Eye-Brain-Nerve Convergence", the Group established 3 major product lines:

I. Specialty Buffer Memory

Our specialized DRAM products are renowned for their high quality, superior performance, and cost-effectiveness. They offer exceptional advantages in terms of ultra-high bandwidth and super-low power consumption. In addition to providing commercial speci-

fications for consumer markets, we also offer customized KGD (Known Good Die) solutions for industrial and automotive applications, where the operating environment is demanding and high quality and reliability are critical. Our product line consists of SDR, DDR, DDR2, DDR3, DDR3L, DDR4, LPDDR2, and LPDDR4/4X, with input and output from 4 to 64 bits and densities ranging from 16 Mb to 32 Gb. In particular, our high-density products such as DDR2, DDR3, DDR3L, DDR4, and LPDDR4/4X are manufactured by 2x/1x nm advanced process mass production. Our specialty DRAM products have been widely used in an array of emerging and booming fields, including network communications, set-top boxes, digital TVs, computer peripherals, surveillance devices, 5G broadband communications, and the rapidly growing fields of endpoint AI, smart homes, robots, and cloud storage.

In recent years, the Company has continued to make strides in development and innovation, and we have implemented innovative circuit designs to overcome the limitations of traditional DRAM. We successfully developed the Long Retention Time (LRT) technology, which complies with the JEDEC standard interface, and introduced LRTDRAM<sup>TM</sup> products. These products greatly improve overall performance in high-temperature and high-capacity applications, including automotive, heterogeneous integration, and KGD.

In the field of AI, to fulfill the high demand for miniature end devices in the AI-generation, we have also launched the world's first RPC DRAM® offered in WLCSP (Wafer Level Chip Scale Package), it is currently the smallest form factor DRAM product that also offers the dual advantages of cost-effectiveness and low power consumption. It is suitable for industrial use, robotics, AR/VR, edge AI, and Terminal AI products for wearable or mobile devices. In 2024, RPC DRAM® officially passed the AEC-Q100 Grade-2 automotive reliability testing standards and successfully entered the supply chain of internationally leading automotive brands.

In response to the advent of AI-generation, the Company is actively developing DWB (Direct-Wide-Bus) DRAM to provide high bandwidth, low power consumption, and cost-effective AI memory for large language models in edge computing. DWB also offers a total solution that includes DRAM, PHY, and Controller. Through our proprietary design technology, DWB significantly reduces power consumption on both the DRAM and memory controller sides. Additionally, the product features high adaptability, with the ability to scale from 8Gb to 32Gb or larger capacities as needed, achieving bandwidth of up to 102.4GB/s or higher to meet the requirements of various high-performance, high-bandwidth, low-power, and compact applications.

Building on our accumulated expertise and experience, the Company launched a comprehensive AI memory platform called "MemorAiLink" at the end of 2023. This platform integrates hardware and software architecture, including memory, memory control IP, and packaging technology. It effectively maximizes memory bandwidth performance, reduces overall subsystem computational power consumption, and optimizes heterogeneous integration packaging technology. MemorAiLink helps customers quickly develop products by combining cross-disciplinary technologies, shortening time-to-market, and providing a comprehensive AI edge computing memory solution.

#### II. High-speed USB chips

The Group leads the global market with IC solutions that simultaneously support both USB Type-C and Thunderbolt interfaces, compliant with USB4 specifications. Our solutions cater to the latest DP2.1, USB4, and Thunderbolt 5 specifications, incorporating new applications for PD IC and Emarker IC, while also ensuring backward compatibility. In addition, the new generation of 4K@60Hz video capture IC supports H.265 and H.264 compressed video data and integrates various audio and video processing functions, which can be applied to live broadcasting, broadcasting machine, gaming, conference systems, healthcare, industrial control, and other markets, and further enter into the Pro AV professional audio and video market.

### III. 3D Video chips and AI applications

We are advancing wide-angle imaging technology and depth cloud point algorithms, positioning them as powerful tools for AI edge terminal computing and deep learning development. Our offerings include machine vision ICs, 2D/3D subsystem solutions, and 3D sensing camera modules. These technologies integrate artificial intelligence and other hardware accelerators into existing products, while also entering the system-on-chip (SoC) domain. We have launched the revolutionary eCV series chips, targeting the AI edge computing market and the monocular, binocular, and multi-eye 3D vision (ThingCapture<sup>TM</sup> Vision) camera markets. Additionally, we are actively collaborating with international industry leaders. As AI continues to develop, we are combining 3D sensing, computer vision, large language models, and Convolutional Neural Network (CNN) sensor technology to build intelligent perception systems and smart human-machine interaction interfaces. Our related products have extensive applications in fields such as healthcare, smart IoT, smart homes, autonomous driving systems, industrial automation, robotics, machine vision, and intelligent surveillance and security.

In addition, with the widespread use of AI and cloud applications, "privacy" and "cybersecurity" have become a significant concern. The Group offers solutions for safeguarding personal privacy and calculating hardware and software data privacy. It conducts focused monitoring and tracking of specific activities while ensuring the protection of personal privacy. Utilizing patented algorithms, it performs big data analysis and decodes data trends, primarily in the areas of healthcare, lifestyle, entertainment, finance, and metaverse data protection. In addition to receiving the CES Innovation Award for two consecutive years, our recently launched AI Privacy Agent (AipA) actively participates in application scenarios, providing analysis and real-time alert functions. The applications include the "AI Privacy Agent-Aided Healthcare System" a privacy-centric patient health care system designed specifically for the medical field, which has been implemented at the National Taiwan University Hospital Zhubei Branch. Additionally, we offer the "AI Privacy Agent Robotic System" which supports scene and behavior perception, helping robots quickly respond to on-site conditions.

The Group is committed to providing high-end and high-value-added products. We exert our expertise in soft- and hardware design, and focus on software, hardware, and firmware R&D. As of the end of 2024, the Group had obtained 884 patents in Taiwan and abroad, as well as 388 pending patent applications, which demonstrates our solid R&D capability.

### **Future Operating Outlook**

As the semiconductor industry moves towards the trillion-dollar era, the Group has been following the industrial trend of Heterogeneous Integration and integrating the concepts of green design and pollution-free industries for sustainability, continuing to develop high speed, high bandwidth, low voltage, low power, suitable density/capacity, and low costs specialty DRAMs and logic chip products to provide for the emerging application markets (such as broadband communications, wireless networks, virtual reality, consumer electronics, surveillance systems, smart homes, intelligent cars and drone, AI, and machine learning), so that we can respond to the emerging demands. At the same time, we have also set foot in the business of industrial- and automotive-grade products, and are thus developing a new operating model and expanding our product lines. While the market widely anticipates that the recovery of consumer electronics and communication electronics demand, originally expected in 2024, will be delayed until 2025, the emergence of new applications and demands driven by AI is expected to accelerate the overall industry's recovery, with gradual improvement anticipated in each quarter of 2025. Despite uncertainties arising from U.S. tariffs and semiconductor policies, the Group will continue to expedite our innovative R&D and optimize our product portfolios, build new customer bases in new markets, and increase market shares in targeted application markets to ensure steady growth.

Accounting Supervisor: Yu-Chia, Cheng

President: Elvis Deng

### **Audit Committee's Review Report**

The Board of Directors has submitted the Company's 2024 Financial Statements, 2024 Deficit Compensation Table, and 2024 Business Report, among which the Financial Statements have been audited, and Audit Report has been issued, by PwC Taiwan. The said Financial Statements, Deficit Compensation Table, and Business Report have been reviewed by us, the Audit Committee. We have not found any inconsistencies. Therefore, we, the Audit Committee, issue this Report in compliance with Article 14-4 of the Securities and Exchange Act and Article 219 of the Company Act, for your review.

Sincerely,

2025 Annual Shareholders' Meeting of Etron Technology, Inc.

Convener of Audit Committee's Meeting: Ai-Chen, Wang

March 7, 2025

#### **Attachment III**

### **CPA's Audit Report and 2024 Individual Financial Statements**

Independent Auditors' Report

(2025) Cai-Shen-Bao-Zi No. 24003851

To the Board of Directors and Shareholders of Etron Technology, Inc.:

### **Opinion**

We have audited the accompanying parent company only balance sheets of Etron Technology, Inc. (the "Company") as at December 31, 2024 and 2023, and the related parent company only statements of comprehensive income, of changes in equity and of cash flows for the years ended 2024 and 2023, and notes to the parent company only financial statements, including a summary of significant accounting policies.

In our opinion, based on our audits and the report of other auditors (please refer to the Other matter section), the accompanying parent company only financial statements present fairly, in all material respects, the parent company only financial position of the Company as at December 31, 2024 and 2023, and its parent company only financial performance and its parent company only cash flows for the years ended 2024 and 2023 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

### **Basis for Opinions**

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the parent company only financial statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountants of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Based on our audits and the report of other auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Company's 2024 parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Company's 2024 parent company only financial statements of the current period are stated as follows:

### **Key audit matters - Valuation of accounts receivable**

### **Description**

Please refer to Note 4(10) for accounting policies on valuation of accounts receivable, Note 5 for the uncertainty of accounting estimates and assumptions related to valuation of accounts receivable, and Note 6(5) for details of accounts receivable. As of December 31, 2024, the total amount of accounts receivable and allowance for uncollectible accounts were NT\$807,616 thousand and NT\$76,017 thousand, respectively.

The Company assesses the allowance for uncollectible accounts receivable by each individual counterparty when there are significant past due accounts receivable arising from each individual counterparty. The valuation of allowance for uncollectible accounts receivable for the remaining counterparties is based on the default risk and expected loss rate. The amount of accounts receivable is material to the parent company only financial statements and the valuation involves subjective judgment made by management. Thus, we consider the valuation of accounts receivable a key audit matter.

### **How our audit addressed the matter**

The procedures performed by us for the impairment assessment of accounts receivable are summarized as follows:

- 1. Obtain an understanding and evaluating the design and operating effectiveness of internal controls related to sales and collection cycle.
- 2. Obtain the aging analysis report and validate its accuracy.
- 3. Obtain relevant assessment made by management in identifying significant expected credit loss for each individual customer and respective supporting documents. Evaluate the reasonableness of expected credit loss ratios based on the historical data of similar credit risk groups while also considering forward-looking information.
- 4. Perform subsequent collection testing to assess the reasonableness of allowance for uncollectable accounts receivables.

### Key audit matters - Valuation of inventories

### **Description**

Refer to Note 4(13) for accounting policies on valuation of inventories, Note 5 for the uncertainty of accounting estimates and assumptions related to valuation of inventories, and Note 6(6) for details of inventories. As of December 31, 2024, the total amount of inventories and allowance for inventory valuation loss were NT\$2,925,129 thousand and NT\$475,871 thousand, respectively.

The Company is primarily engaged in the design, manufacturing and sale of niche memory chips. Due to rapidly technology changing and market demand, there is a higher risk of decline in market values of inventories or obsolescence. The Company's inventories are measured at the lower of cost and net realizable value. The estimation of net realizable value for inventories aged over a certain period of time and individually identified as obsolete involves management's subjective judgment and the amount of inventories is material to the Company's financial statements. Thus, we consider the valuation of inventories a key audit matter.

### How our audit addressed the matter

The procedures performed by us for the assessment of allowance for inventory valuation loss are summarized as follows:

- 1. Understand and assess the reasonableness of the policy for recognizing allowance for inventory valuation losses.
- 2. Test the inventory aging report, including randomly inspecting year-end inventory quantities and amounts to ensure consistency with the inventory details and confirm the accuracy of the aging classification.
- 3. Evaluate and validate the reasonableness of the estimated net realizable value to confirm the adequacy of the allowance for inventory valuation loss.

#### Other matter - Reference to the audits of other auditors

We did not audit the financial statements of certain investments accounted for under the equity method recognized by the Company's investee accounted for under the equity method which were audited by other auditors. Therefore, our opinion expressed herein, insofar as it relates to the amounts included in respect of these associates, is based solely on the reports of the other auditors. The balances of these investments accounted for under the equity method amounted to NT\$302,780 thousand and NT\$286,929 thousand, constituting 4.65% and 4.30% of the parent company only total assets as at December 31, 2024 and 2023, and the comprehensive income recognized from investments accounted for under the equity method amounted to NT(\$2,491) thousand and NT(\$4,245) thousand,

constituting 0.41% and 0.52% of the parent company only total comprehensive income for the years then ended, respectively.

### Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements

To ensure that the Parent Company Only Financial Statements do not contain material misstatements caused by fraud or errors, the management is responsible for preparing prudent Parent Company Only Financial Statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for preparing and maintaining necessary internal control procedures pertaining to the Parent Company Only Financial Statements.

In preparing the parent company only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Company's financial reporting process.

### **Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Parent Company Only Financial Statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the audit and forming an opinion on the parent company only financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine the key audit matters of the Company in the audit of the parent company only financial statements for the year ended December 31, 2024. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of

doing so would reasonably be expected to outweigh the public interest benefits of such communication.

For and on Behalf of PricewaterhouseCoopers, Taiwan

### **CPA's Audit Report and 2024 Consolidated Financial Statements**

Independent Auditors' Report

(2025) Cai-Shen-Bao-Zi No. 24003785

To the Board of Directors and Shareholders of Etron Technology, Inc.:

### **Opinion**

We have audited the accompanying consolidated balance sheets of Etron Technology, Inc. and subsidiaries (the "Group") as at December 31, 2024 and 2023, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, based on our audits and the report of other auditors (please refer to the Other matter section), the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission.

### **Basis for Opinions**

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountants of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Based on our audits and the report of other auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Group's 2024 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Group's 2024 consolidated financial statements are stated as follows:

### **Key audit matters - Valuation of accounts receivable**

### **Description**

Please refer to Note 4(11) for accounting policies on valuation of accounts receivable, Note 5 for the uncertainty of accounting estimates and assumptions related to valuation of accounts receivable, and Note 6(5) for details of accounts receivable. As of December 31, 2024, the total amount of accounts receivable and allowance for uncollectible accounts were NT\$835,652 thousand and NT\$76,244 thousand, respectively.

The Group assesses the allowance for uncollectible accounts receivable by each individual counterparty when there are significant past due accounts receivable arising from each individual counterparty. The valuation of allowance for uncollectible accounts receivable for the remaining counterparties is based on the default risk and expected loss rate. The amount of accounts receivable is material to the parent company only financial statements and the valuation involves subjective judgment made by management. Thus, we consider the valuation of accounts receivable a key audit matter.

### **How our audit addressed the matter**

The procedures performed by us for the impairment assessment of accounts receivable are summarized as follows:

- 1. Obtain an understanding and evaluating the design and operating effectiveness of internal controls related to sales and collection cycle.
- 2. Obtain the aging analysis report and validate its accuracy.
- 3. Obtain relevant assessment made by management in identifying significant expected credit loss for each individual customer and respective supporting documents. Evaluate the reasonableness of expected credit loss ratios based on the historical data of similar credit risk groups while also considering forward-looking information.
- 4. Perform subsequent collection testing to assess the reasonableness of allowance for uncollectable accounts receivables.

### **Key audit matters - Valuation of inventories**

### **Description**

Refer to Note 4(14) for accounting policies on valuation of inventories, Note 5 of the consolidated financial statements for the uncertainty of accounting estimates and assumptions related to valuation of inventories, and Note 6(6) of the consolidated financial statements for details of inventories. As of December 31, 2024, the total amount of inventories and allowance for inventory valuation loss were NT\$3,016,966 thousand and NT\$480,110 thousand, respectively.

The Group is primarily engaged in the design, manufacturing and sale of niche memory chips. Due to rapidly technology changing and market demand, there is a higher risk of decline in market values of inventories or obsolescence. The Group's inventories are measured at the lower of cost and net realizable value. The estimation of net realizable value for inventories aged over a certain period of time and individually identified as obsolete involves management's subjective judgment and the amount of inventories is material to the Group's financial statements. Thus, we consider the valuation of inventories a key audit matter.

### **How our audit addressed the matter**

The procedures performed by us for the assessment of allowance for inventory valuation loss are summarized as follows:

- 1. Understand and assess the reasonableness of the policy for recognizing allowance for inventory valuation losses.
- 2. Test the inventory aging report, including randomly inspecting year-end inventory quantities and amounts to ensure consistency with the inventory details and confirm the accuracy of the aging classification.
- 3. Evaluate and validate the reasonableness of the estimated net realizable value to confirm the adequacy of the allowance for inventory valuation loss.

### Other matter - Reference to the audits of other auditors

We did not audit the financial statements of certain investments accounted for under the equity method recognized by the Group's investee accounted for under the equity method which were audited by other auditors. Therefore, our opinion expressed herein, insofar as it relates to the amounts included in respect of these associates, is based solely on the reports of the other auditors. The balances of these investments accounted for under the equity method amounted to NT\$302,780 thousand

and NT\$286,929 thousand, constituting 4.50% and 4.20% of the consolidated total assets as at December 31, 2024 and 2023, and the comprehensive income recognized from investments accounted for under the equity method amounted to NT(\$2,491) thousand and NT(\$4,245) thousand, constituting 0.36% and 0.47% of the consolidated total comprehensive income for the years then ended, respectively.

### Other matter - Parent company only financial reports

We have audited and expressed an unqualified opinion with other matter section on the parent company only financial statements of Etron Technology, Inc. as at and for the years ended December 31, 2024 and 2023.

### Responsibilities of management and those charged with governance for the consolidated financial statements

To ensure that the consolidated financial statements do not contain material misstatements caused by fraud or errors, the management is responsible for preparing prudent consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, as well as the IFRS, IAS, law and regulation reviews and their announcements recognized and announced by the Financial Supervisory Commission, and for preparing and maintaining necessary internal control procedures pertaining to the consolidated financial statements.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

### Auditors' responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine the key audit matters of the Group in the audit of the consolidated financial statements for the year ended December 31, 2024. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Chapter 3. Appendices

#### Appendix I

### Rules of Procedures for Shareholders' Meetings of Etron Technology, Inc.

- Article 1: Unless otherwise required by laws and regulations, the Shareholders' Meeting of the Company shall be conducted in accordance with these Rules.
- Article 2: The Company shall provide a signature book for the shareholders attending the meeting to sign in, or require the attending shareholders to submit their sign-in cards in lieu of signing the book. The number of shares present shall be calculated based on the signature book or sign-in cards submitted by the shareholders.
- Article 3: The attendance and voting at the Shareholders' Meeting shall be calculated based on the number of shares they hold.
- Article 4: The Shareholders' Meeting shall be held in the place where the Company is located or at any other place that is convenient for the shareholders to attend and appropriate to convene such meeting, and the Shareholders' Meeting shall commence at a time no earlier than 9:00 a.m. and no later than 3:00 p.m.
- Article 5: If a Shareholders' Meeting is convened by the Board of Directors, the Chairman of the Board of Directors shall act as the chairperson. If the Chairman is on leave or cannot exercise his/her powers and authorities for any reason, the Vice Chairman shall act on the Chairman's behalf. If there's no Vice Chairman, or the Vice Chairman is also on leave or cannot exercise his/her powers and authorities for any reason, the Chairman shall designate a Managing Director to act on his/her behalf. If there's no Managing Director, the Chairman shall designate a Director to act on his/her behalf. In case of absence of such designation, the Managing Directors or the Directors shall elect one from among themselves to act on the Chairman's behalf.
  - If the Shareholders' Meeting is convened by a person with the authority to convene other than the Board of Directors, such person shall act as the chairperson at that meeting.
- Article 6: The Company may designate entrusted attorneys, CPAs, or other relevant personnel to attend the Shareholders' Meeting.

  Staff at the Shareholders' Meetings shall wear ID badges or arm badges.
- Article 7: The Company shall record the entire process of the Shareholders' Meeting by audio or video, and keep it for at least one year.
- Article 8: The chairperson shall call the meeting to order at the time scheduled for the meeting. In the event that the meeting is attended by shareholders representing less than half of the total issued shares, the chairperson may announce a postponement of the meeting, however, there may not be more than two postponements, and the total time accumulated in the postponement(s) shall not exceed one hour. In the event that the meeting is attended by shareholders not up to the specified quorum but representing more than one-third of the total issued shares after two postponements, a tentative resolution may be made in accordance with paragraph one of Article 175 of the Company Act.

In the event that the number of shares represented by attending shareholders reaches more than half of the total issued shares before that same meeting is adjourned, the chairperson may submit the tentative resolution(s) so made at the meeting anew for resolution in accordance with Article 174 of the Company Act.

Article 9: The agenda for the Shareholders' Meeting shall be set by the Board of Directors if such meeting is convened by the Board of Directors. The meeting shall be carried out based on the scheduled agenda, and no change may be made unless otherwise resolved by the Shareholders' Meeting. Except for the proposals specified in the agenda handbook, when a shareholder proposes other matters or an amendment or an alternative to the original proposal, such proposal shall be seconded by other shareholders, provided that the number of shares represented by the proposer and the seconder shall reach 1 percent of the total issued ordinary shares.

The preceding paragraph shall apply mutatis mutandis to meetings convened by any person, other than the Board of Directors, with the authority to convene such meeting.

The chairperson shall not announce adjournment of the meeting until the agenda in the two preceding paragraphs is completed (including occasional/extemporaneous motions) unless duly resolved in the meeting.

After the meeting is adjourned, the shareholders shall not elect another chairperson to resume such a meeting at the same location or seek an alternative venue.

Article 10: An attending shareholder must complete and submit a speaker's slip before speaking at the Shareholders' Meeting, specifying the subject of his/her speaking and his/her shareholder account number (or his/her attendance certificate number). The order in which shareholders speak will be set by the chairperson.

An attending shareholder who submits a speaker's slip but does not speak at the meeting shall be deemed to have not spoken. In the event of any inconsistency between the contents of the shareholder's speaking and those recorded on the slip, the contents of the shareholder's speaking shall prevail.

When an attending shareholder is speaking at the meeting, no other shareholder may interrupt the speaking shareholder, unless it is permitted by the chairperson and such speaking shareholder; the chairperson shall stop any such violations.

The attending shareholders shall be obliged to abide by the Rules of Procedures for Shareholders' Meetings, follow resolutions, and maintain the order in the meeting venue.

Article 11: Unless otherwise approved by the chairperson, a shareholder may only speak on the same proposal no more than two times, with each time no more than five minutes.

The chairperson may stop the speaking of any shareholder that is in violation of the preceding paragraph or exceeds the scope of the proposal. Those who refuse to accept the chairperson's correction and disturb the order of the meeting venue, the chairperson may discontinue their attendance of the meeting.

Article 12: In the event that a juristic (corporate) person is entrusted to attend a Shareholders' Meeting, that juristic (corporate) person may appoint only one representative to attend the meeting.

In the event that a juristic (corporate) person shareholder appoints two or more representatives to attend a Shareholders' Meeting, only one representative may speak on the same motion.

- Article 13: After an attending shareholder speaks at the meeting, the chairperson may answer either in person or through a designee.
- Article 14: Where the chairperson believes a proposal has been discussed at the meeting up to the level for voting, the chairperson may announce discontinuance of the discussion, and bring that proposal to voting.
- Article 15: The person(s) supervising the casting of ballots and the person(s) counting the ballots shall be designated by the chairperson, and the person(s) supervising the casting of the ballots shall be a shareholder. The voting results shall be announced on the spot and made into records.

Any vote with the following circumstances shall be deemed void, and the votes obtained therein shall not be counted.

- 1. Any ballot not prepared by the Company is used.
- 2. Any ballot not cast into the ballot box.
- 3. Any ballot that is blank without content, or without opinions on the proposal.
- 4. Any ballot with other words entered in addition to the contents which shall be completed in a voting ballot.
- 5. Any ballot with illegible writing renders it unrecognizable, or any ballot is altered.
- 6. Any ballot used by any proxy in violation of the Regulations Governing the Use of Proxies for Attendance at Shareholder Meetings of Public Companies.
- Article 16: During a meeting course, the chairperson may, at his/her discretion, announce a break. In case of any earthquake, air-raid warning, or other force majeure, the chairperson shall declare the meeting temporarily suspended for evacuation, and announce a time for the meeting to be resumed depending on the circumstances, or resume the meeting within 5 days, without notice and announcement, by resolution of the Shareholders' Meeting.
- Article 17: Unless otherwise provided for in the Company Act or the Articles of Incorporation, a resolution shall be passed by the approval of more than half of the votes of the attending shareholders.
  - If, during the voting course, no objection is filed after it was inquired by the chairperson, a proposal shall be deemed as passed with the same effect as if it had been passed through voting by ballots.
- Article 18: If there's an amendment or an alternative to a proposal, the chairperson may combine the amendment or alternative into the original proposal, and determine their orders for resolution. If any one among them is passed, other proposal(s) shall be deemed as rejected, and no further voting is required.
- Article 19: The chairperson may instruct patrol personnel (or security personnel) to assist in maintaining the order in the meeting venue. Such patrol personnel (or security personnel) shall wear arm badges marked with "Patrol Personnel" while assisting in maintaining the order on site.
- Article 20: Any matters not provided for herein shall subject to the Company Act, as well as other related laws and regulations.
- Article 21: These Rules shall be implemented after they are approved by the Shareholders' Meeting, and the same shall apply to any amendments.

# Articles of Incorporation of Etron Technology, Inc.

#### **Chapter 1. General Provisions**

Amended at the Shareholders' Meeting on June 25, 2024

- Article 1: The Company is incorporated under the Chinese name of "鈺創科技股份有限公司", and English name of "Etron Technology, Inc." in accordance with the provisions of the Company Act on the company limited by shares.
- Article 2: The businesses operated by the Company are as follows:
  - (I) Research, development, production, manufacturing, testing, and sale of: semiconductor devices, including various types of integrated circuits and their components.
  - (II) Management consulting, consulting, and transfer of technologies related to the products specified in the preceding paragraph.
  - (III) Concurrently operating of the import and export tradings and businesses relating to the Company's businesses.
- Article 3: The Company may act as a guarantor for the external due to business needs.
- Article 4: The total reinvestment by the Company shall not be subject to the restriction of no more than 40 percent of its paid-in capital as provided in Article 13 of the Company Act.
- Article 5: The Company has established its headquarter in Hsinchu Science Park, Taiwan, ROC. The Company may establish branches or offices both domestically and abroad, if necessary, upon the resolution of the Board of Directors and the approval of competent authority.
- Article 6: Announcements shall be made by the Company in accordance with Article 28 of the Company Act.

#### Chapter 2. Shares

Article 7: The Company's total capital is NT\$ Six Billion Five Hundred Million, which is divided into Six Hundred and Fifty Million shares with par value of NT\$ Ten each, among which the unissued shares will be issued by multiple times by the Board of Directors as authorized. The issuance price of each share shall be determined by the Board of Directors in accordance with the Company Act or securities-related laws and regulations. NT\$ Six Hundred and Fifty Million shall be reserved, from the capital mentioned in the preceding paragraph, for issuance of employee stock option, which shall be distributed as Sixty-Five Million shares, with par value of NT\$ Ten each, by multiple times by the resolution of the Board of Directors.

When the Company acquires treasury stocks in accordance with the Company Act, the recipients of the transfer and the issuance of new shares include employees who subscribe for shares, employees who hold stock option certificates, and employees who receive restricted new shares. All of these employees must meet certain conditions and be employed by controlling or subsidiary companies.

- Article 8: The Company's share certificates shall bear names, and shall be numbered and signed or affixed with seals by Directors representing the Company, and then shall be authenticated by competent authority or the issuance registry institution accredited by the competent authority before issuance. The Company may issue shares without certificates, but such shares shall be registered with a central securities depository organization.
- Article 9: For transfer of shares, an application shall be filed, singed, and affixed with seals by transferor and transferee. An application shall be made to the Company or its designated stock agencies for registration of such transfer. The shares shall be deemed as owned by their original shareholders, until the formalities for transfer are completed.
- Article 10: In case of loss of share certificates, shareholder shall notify the Company formally, and relevant formalities shall be handled in accordance with the "Regulations Governing the Administration of Shareholder Services of Public Companies".
- Article 11: Registration for transfer of shares shall be stopped, sixty days before the date of each regular Shareholders' Meeting, thirty days before the date of each extraordinary Shareholders' Meeting, or five days before the date on which dividends, and bonus, or any other benefits will be paid by the Company as decided.

#### **Chapter 3. Shareholders' Meeting**

- Article 12: The Company's Shareholders' Meetings are classified into the following two kinds:
  - (I) Regular Shareholder' Meeting, which shall be held annually within six months after closing of each accounting year.
  - (II) Extraordinary Shareholders' Meeting, which shall be held whenever necessary in the Board of Directors' opinion.
- Article 13: Shareholders' Meetings shall be presided by the Chairman. In case the Chairman is on leave or cannot exercise his powers and authorities for any reason, the Chairman shall designate one of the Directors to act on his/her behalf. In the absence of such a designation, the Directors shall elect from among themselves to act on behalf of the Chairman. If the meeting is convened by a person other than the Board of Directors, such person shall act as the chairperson at that meeting; if there is more than one person with the authority to convene the meeting, the chairperson for the meeting shall be elected from among them.
- Article 14: All shareholders shall be notified of the date and place of, as well as the reasons for holding, the meeting, at least thirty days prior to a regular Shareholders' Meeting, and at least fifteen days prior to an extraordinary Shareholders' Meeting.
- Article 15: If any shareholder cannot attend a Shareholders' Meeting for any reason, he/she may issue a proxy in the form printed by the Company, specifying the scope of authorization, to authorize a proxy to attend the meeting.
- Article 16: A shareholder of the Company shall have one vote for each share he/she holds, unless otherwise stipulated by laws and regulations.
- Article 17: Unless otherwise provided for in the Company Act, resolutions of the Shareholders' Meeting shall be adopted as approved by over half of the votes of the shareholders

present at the meeting attended by the shareholders representing more than half of the total issued shares. When the Company holds a Shareholders' Meeting, shareholders may exercise their voting rights in an electronic way; the relevant methods of exercising their voting rights and related matters shall be subject to laws and regulations.

Article 17-1: The resolutions of the Shareholders' Meeting shall be made into meeting minutes legally, and signed or affixed with seals by the chairperson, and shall be distributed to each shareholder within 20 days after the conclusion of the meeting.

The meeting minutes mentioned in the preceding paragraph shall be distributed in accordance with Company Act.

Meeting minutes shall record the date and place of the meeting, the name of the chairperson, the method for adopting the resolutions, as well as the summary and results of the discussion. Meeting minutes shall be kept for as long as the Company survives.

The signature book of attending shareholders and the power of attorney for proxy shall be kept for at least one year. However, if a shareholder files a lawsuit in accordance with Article 189 of the Company Act, these documents shall be archived until the closing of the lawsuit.

#### **Chapter 4. Directors**

Article 18: The Company shall have 7 to 9 Directors, with a term of 3 years and shall be eligible for re-election. The Directors shall be elected by the shareholders from a list of candidates under a candidate nomination system at the Shareholders' Meeting. The Board of Directors is authorized to determine the number of Directors.

There shall be no less than two Independent Directors among the number of Directors to be elected as referred to in the preceding paragraph, and the Independent Directors shall represent no less than one-fifth of the number of Directors. The professional qualifications, restrictions on shareholding and concurrent positions, method of nomination and election, and other matters related to Independent Directors shall be subject to the relating regulations of the authority in charge of securities. Independent Directors and Non-independent Directors shall be elected in the same election, but the number of Independent Directors and Non-independent Directors elected shall be calculated separately.

The total bearer shares held by all Directors shall be subject to the Rules and Review Procedures for Director and Supervisor Share Ownership Ratios at Public Companies issued by the competent authority.

The Company may purchase liability insurance for Directors during their term, covering their liabilities which may be assumed by them within the scope of businesses they perform.

- Article 19: The Board of Directors shall be composed of Directors, and their powers shall be subject to the Company Act, and other related laws and regulations.
- Article 20: Directors shall elect one from among themselves to act as Chairman as approved by over half of the Directors present at a meeting attended by more than two-thirds of the Directors. The Chairman shall have the authority to represent the Company.

- Article 21: Unless otherwise provided for in Company Act, the Board of Directors' meeting shall be convened by the Chairman. All Directors shall be notified of the cause for holding the meeting, seven days before the meeting. In case of any emergency, a Board of Directors' meeting may be convened at any time. The notice of Board of Directors' meeting mentioned in the preceding paragraph may be served in writing, or by means of facsimile or e-mail, etc. Unless otherwise provided for in Company Act, resolutions of the Board of Directors shall be adopted as approved by over half of the Directors present at a meeting attended by more than half of the Directors.
- Article 22: The Chairman shall act as the chairperson of the Board of Directors' meeting. If the Chairman is on leave or cannot exercise his/her powers and authorities for any reason, the Chairman shall designate a Director to act on his/her behalf. In case of absence of such designation, the Directors shall elect one from among themselves to act on the Chairman's behalf. Directors shall attend the Board Of Directors' meeting in person. If any Director cannot attend the meeting in person for any reason, he/she may appoint another Director to act on his/her behalf; Independent Director shall attend in person any meeting concerning a matter that requires a resolution by the Board of Directors under Article 14-3 of the Securities and Exchange Act, or shall authorize another Independent Director to attend on his/her behalf. An Independent Director designated as proxy may accept a proxy from one person only.

  If any Board of Directors' meeting is held by video conference, Directors who attend the
- Article 23: The Company's Audit Committee is composed of all Independent Directors, and their powers shall be subject to the Securities and Exchange Act, other related laws and regulations, as well as Audit Committee's rules.

meeting by video shall be deemed as attending such meeting in person.

Article 24: The Board of Directors shall be authorized to determine the remuneration to the Company's Directors based on the general level in the same industry.

#### Chapter 5. Managerial Officer

- Article 25: The Company may have more than one CEO, General Manager, and Deputy General Manager. Their appointment, dismissal, and remuneration shall be governed by Article 29 of the Company Act and relevant regulations. The Board of Directors shall be authorized, and the Board of Directors may authorize the Chairman, to resolve on their powers.
- Article 26: Managerial Officers shall not concurrently hold any equivalent positions at any other companies, nor engage in any same kind of businesses for himself/herself or others, except for approved by more than half of the Directors.
- Article 27: The General Manager shall manage the daily business of the Company in accordance with relevant laws and regulations, the Company's Articles of Incorporation, and the resolutions of the Shareholders' Meeting or the Board of Directors.

#### **Chapter 6. Accounting**

Article 28: The Company's accounting year shall begin on January 1 and end on December 31. Final

accounts shall be prepared at the end of each fiscal year.

- Article 29: In accordance with Article 228 of the Company Act, at the end of each accounting year, the Board of Directors shall prepare the following documents, and submit them to the regular Shareholders' Meeting for ratification.
  - (I) Business Report.
  - (II) Financial Statements.
  - (III) Earnings distribution or loss recovery proposal.
- Article 30: If the Company has earnings in its final account for the year, it shall first use the earnings to pay taxes and recover losses, and then set aside 10% as statutory surplus reserve and set aside or write off special surplus reserve according to the resolutions made by the Shareholders' Meeting or competent authority's order. Thereafter, the Board of Directors shall draft a distribution proposal for any remaining balance in retained earnings and previously accumulated undistributed earnings, and shall make request to the Shareholders' Meeting for its resolution to distribute the same.

The Company's dividends policy is formulated by its Board of Directors, based on the Company's mid- and long-term operating plans, investment plans, capital budgeting and changes in internal and external circumstances, and by considering the interests of shareholders. In addition to the distribution of earnings in accordance with the preceding paragraph, the cash dividends payout ratio for the shareholders in the current year shall not be less than 5%.

Article 30-1: The Company shall distribute no less than 12% of the current year's earnings as the compensation to employees, and no more than 2% of the current year's earnings as the compensation to Directors. If there are accumulated losses, the Company shall recover them.

The employees to whom compensation shall be paid in shares or cash and the objects to whom shares or cash shall be distributed may include the employees of the Company's subordinated companies that meet certain criteria.

The current year's earnings referred to in paragraph one shall mean the pre-tax earnings of the current year before deduction of the compensation to employees and Directors.

Distribution of compensations to employees and Directors shall be implemented as approved by more than half of the Directors present at the Board of Directors' meeting attended by over two-thirds of the Directors, and shall be reported to the Shareholders' Meeting.

Article 31: The distribution of dividends to shareholders shall be limited to those shareholders whose names appear on the register of shareholders on the base date when the dividends and bonus are determined to be distributed.

#### Chapter 7. Bylaws

- Article 32: The Company's organizational rules and rules for implementation shall be formulated separately.
- Article 33: Any matters not provided for herein shall be subject to the Company Act, as well as other relating laws and regulations.

Article 34: The Company's Directors, Managerial Officers, and the employees, and other personnel shall not make available or disclose to others the Company's confidential documents, or the technologies, markets, products, and other confidential data known by them due to participation in the Company's operation. The Company's technologies, markets, products, and other detailed confidential data shall not be reported to the Shareholders' Meeting, unless it is approved by over half of the votes of the shareholders present at the meeting attended by the shareholders representing more than two-thirds of the total number of issued shares.

Article 35: These Articles of Incorporation are formulated as approved by all initiators at the initiators' meeting on January 15, 1991, and shall be implemented from the date of the approval and registration by the competent authority.

The 1st amendment was made on October 11, 1992,

The 2nd amendment was made on April 30, 1993,

The 3rd amendment was made on January 30, 1994,

The 4th amendment was made on April 17, 1994,

The 5th amendment was made on April 17, 1995,

The 6th amendment was made on May 20, 1996,

The 7th amendment was made on June 2, 1997,

The 8th amendment was made on April 11, 1998,
